

NuSeal Product Information Sheet

Description

NuSeal is an ultra-durable high gloss thermoplastic seal and finish for all types of stone and tile floors. NuSeal resists scuffs, scratches, heel marks and wear. NuSeal also has a higher slip resistance factor than most finishes so that it gives you an extra margin of error on marbles, terrazzo, granite and other hard floors.

Benefits

- Extremely scuff, scratch, and wear resistant
- Easily burnished to a high gloss
- Can apply up to six coats in one day
- Detergent-resistant, but easily strippable
- Can be used with low speed machines in spray buff programs
- Non-yellowing, hazing, or clouding
- Fast drying

Specifications

Appearance	Milky liquid
Color	White
Odor	Very mild
Specific Gravity	1.03 ± 0.01
Active Ingredients	25.0% ± 0.5%
Total Solids	20.0% minimum @ 105°C
Flash Point	None
pH	as is: 8.6 ± 0.2
Flash point	None
Storage stability	One year minimum sealed containers
Leveling	Excellent
Powder resistance	Excellent
Heel mark resistance	Excellent 99%(method B-A.S.T.M. 1436-64)
Removability	Excellent (A.S.T.M. D1792-77)
Detergent resistance	Very good(A.S.T.M. D3207-73)
Freeze Thaw stability	Passes three cycles(C.S.M.A. 60-60)
Slip resistance	Meets or exceeds the C.S.M.A. and U.L. slip resistance standard of 0.5 minimum when tested on James Machine with A.S.T.M. D2047-82
Coverage	1500-2000 sq. ft. per gallon
VOC Content	Less than 6% by weight

Packed

- 1 gallon plastic pails (4 per case)
- 5 gallon plastic pails
