

A **NU** DIMENSION IN TERRAZZO TILE

## **Recommended Maintenance Schedule for NURAZZO® Polished Tiles**

### **Daily Basis**

- Keep floor clean and routinely maintained for optimal results
- Use a dust mop to clean debris and dirt from area
- Follow up with a wet mop, using clean water only

### **Weekly/Bi-Weekly**

- Using Gorilla Natural hair pad, auto-scrub floor with a Neutral Cleaner
- Allow floor to dry completely
- Dry buff with Gorilla Natural Hair Pad

### **Every Other Month**

- Auto-scrub floor with #3 Cash Pad, using water
- Allow floor to dry completely
- Dry buff with Natural Hair Pad

### **Every Two Years**

- H2O Sealer Impregnator should be used, applying with microfiber or lambswool applicator
- Allow surface to cure 1-2 hours
- Damp mop area
- Allow floor to dry completely
- Dry buff with Natural Hair Pad

**It is very important to visually check the floor on a regular basis. Maintenance schedule and procedures should be adjusted accordingly, accommodating volume of traffic and normal wear. If problem areas occur, Step 4 may be repeated. This is normal procedure and will not harm the floor.**

**Recommendations ONLY- Results will vary based on condition of floor, maintenance regime, equipment variances, environment, traffic, etc.**
